# **WARRANTY**

Just because our warranty covers a quarter-century of hard use and "I can't believe I just did that"; doesn't mean it should take that long to get it back in working condition. You rely on your Leatherman and that means you rely on us to fix it with no hassles, no questions and no wasting your time.

Just send it in with a description of the problem and we'll send it back to you on us! For shipping instructions, or to find a warranty center outside the United States, just visit our website. It's as simple as that.
