The next generation of multi-purpose tools has arrived with more features than any other Leatherman® tool. Along with easy access to four exterior locking blades, we've made the handles rounded so they

feel great. Made in the U.S.A. from 100% stainless steel and covered by an outstanding warranty, you just can't beat the Wave®. Sold with your choice of a premium leather or nylon sheath.

PREMIUM NYLON

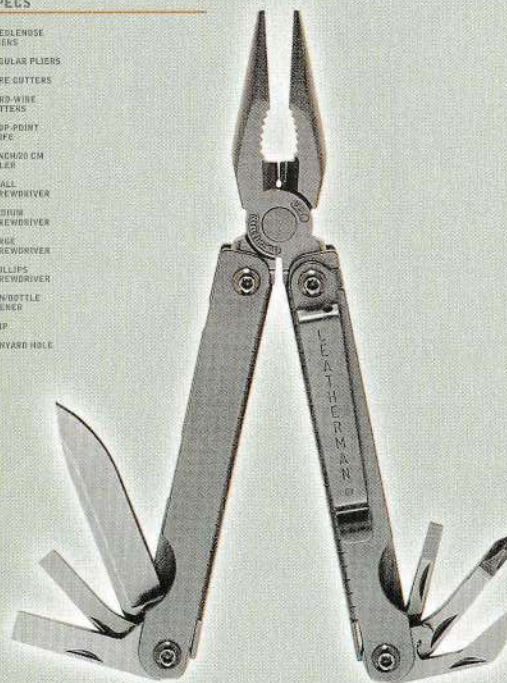

PREMIUM LEATHER

Wave is the result of feedback from our customers and "outside-the-box" thinking. We're sure you will agree it sets a new standard for what a multi-tool can be. We are proud to add Wave to the top of the Leatherman line.

Sideclip™ – slim design, attractive price and a handy clip! It's easy to clip it to a backpack, purse or briefcase. Sideclip offers a range of features, including a new screwdriver design that helps blades stay open better during use.

Like all Leatherman® tools, it's made in the U.S.A., 100% stainless steel and covered by a 25-year guarantee. The clip means you don't need a sheath, but one can be purchased separately (see page 14).

The Micro® is unlike any pocket knife or multi-tool you've ever seen. It's the best scissors possible in a tiny package. With features like tweezers and a nail file it's ideal for personal care, but can still handle tough jobs with

three screwdrivers and a knife blade. All Leatherman® tools are compact when folded. The Micro is just 2.5 inches long and weighs 1.75 ounces. Available in traditional stainless or three popular colors for a perfect gift.

The Super Tool® is the biggest, strongest multi-purpose tool in our line. All blades have a unique locking mechanism. It is the toughest, most precise locking mechanism available on any multi-purpose tool.

Its heavy-duty capabilities make the Super Tool especially useful for the professional, but anyone who needs the extra safety of ten locking blades will be glad to have this workhorse at their fingertips.

The PST II® is the same size and weight as our original PST™ and shares many of its most popular features. In addition, there's a tough pair of scissors, a diamond-coated file with a sharpening groove

(perfect for fishhooks) and a combination straight/serrated knife blade.

Ideal for fishing and other outdoor pursuits, it's equally useful around the house or on the job.

Made in the U.S.A. from 100% stainless steel, the PST II comes in our standard finish. A variety of sheaths (pictured above) are available. Each of these sheaths will also fit the Sideclip (page 7) or the PST (page 11).

1.6 OZ (45 GRAMS) WEIGHT

STANDARD KIT

The Tool Adapter™ gives you the ability to make your tool even more useful than before. It easily slides over the plier jaws of the Super Tool®, PST®, PST II®, Sideclip™ or Flair™ and provides a standard 1/4" hex drive.

Any bit that fits a standard 1/4" hex drive can be used with the Tool Adapter. For unmatched versatility, it locks in straight, 45-degree and 90-degree positions. No other multi-purpose tool adapter has this capability.

LEATHER STANDARD SHEATH

NYLON STANDARD SHEATH

The Tool Adapter comes in our Standard Kit that includes a compact carrying case and six screw bits: #0 and #3 Phillips, #1 and #2 Robertson (square), #15 Torx® and #8-10 slotted. The carrying case comes with a clip and has room for extra bits. A leather or nylon sheath that holds the carrying case may be purchased as a separate accessory. The Tool Adapter is 100% stainless steel and weighs 1.6 ounces. It is made in the U.S.A. and carries a 25-year guarantee.

SUPER TOOL®

PST™

PST II™

Now you can purchase your favorite combination of tool and Tool Adapter™. Your choice of either the Super Tool®, PST™, or PST II™ is offered with the Tool Adapter, six bits and bit holder, all in one sheath.

BIT HOLDER

LEATHER SHEATH

NYLON SHEATH

Sheaths are offered in sturdy leather or molded nylon. Inside each sheath is a plastic divider to keep everything in perfect order. With room for three extra bits in the holder, it's easy to customize your combo.

If within 25 years from the date of purchase you find any defect in material or workmanship with your Leatherman® tool, return it to Leatherman Tool Group, Inc. or a local authorized repair center for repair. At our option, we may replace the tool.

This warranty does not cover abuse, alteration, unauthorized or unreasonable use of your Leatherman tool. This warranty does not cover sheaths, accessories, or colored finishes. Bits are not covered under this warranty. We recommend you replace the sheath when necessary.

To obtain service, return your tool to the address shown on the back cover or contact us for the location of the closest authorized repair center. When you send us your tool, be sure it is insured. We cannot be responsible for items that do not reach us.

Leatherman Tool Group, Inc. is not liable for incidental or consequential damages. Some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages, so the above exclusion may not apply to you.

This warranty also gives you specific legal rights and you may also have other rights, which may vary from jurisdiction to jurisdiction.

TIM LEATHERMAN

Collect

WHY BUY A LEATHERMAN?

In 1975, Tim Leatherman (totally picky engineer) found himself travelling through Europe with a tight budget and a cranky car. His trusty scout knife just couldn't handle the job. Tim wished he had a compact knife with full-sized pliers. Back home, he put his engineering skills to work and after seven years (picky, picky, picky), the original Leatherman tool was perfected. Why should you buy a Leatherman? Tim's standards for quality, durability, precision and attention to detail are what make Leatherman tools like no others. Ever since Tim invented the category we've focused on just one thing - manufacturing the world's highest quality multi-purpose tools. We're not only the original, we're the world's leader.

Put it to the test for yourself. You'll be pleased you bought a Leatherman.
